Wales Wildlife Management Area

Towns: Wales

Acreage: 207

Wildlife Management Zone: 7

Description of property:

This property covers the steep slopes of Mount Pisgah and abuts two different tracts of the Brimfield State Forest. The habitat on this WMA consists of mature upland forest of central hardwoods (oak, hickory) with minor occurrences of white pine. A pipeline right of way in the southern end of the property provides open habitat.

Location/Access/Parking

No official parking area exists but the property can be accessed through the Brimfield State Forest on Mt. Hitchcock Road.

Habitat Management

This property is not currently in active management but is reviewed annually regarding the need for forest cutting plans and other habitat management activities.

Hunting Opportunities

This WMA provides hunting opportunities for White-tailed Deer, Black Bear and Eastern Coyote.

Wildlife Viewing and Other Features:

The steep terrain of this WMA makes it a rugged bushwhack hike for the fit explorer.

Special WMA Regulations:

None
