Sucker Brook Wildlife Management Area

Towns: New Braintree, North Brookfield

Acreage: 103

Wildlife Management Zone: 8

Description of property:

This property consists of a hardwood ridge and active agricultural fields, with small overgrown fields and old apple trees mixed in. It also has Sucker Brook flowing through it, as well as active beaver impoundments on the west side of the property.

Location/Access/Parking:

Parking for this area is located on Murphy Road and will accommodate 2 vehicles.

Habitat Management:

Currently, there is active agriculture on the fields. The WMA is also managed for open space.

Hunting Opportunities:

This is a small WMA with limited hunting opportunities for small game. Beaver impoundments provide for waterfowl hunting opportunities.

Wildlife Viewing and Other Features:

There are viewing opportunities for Beaver and other aquatic mammals around Sucker Brook and the beaver impounded areas.

Special WMA Regulations:

None
