

LILY POND WATER MANAGEMENT AREA
(Goshen)

- Size: 281.7 acres of relatively flat to gently rolling woodland with elevations ranging from 1380 to 1500 feet.
- Access: No formal parking areas. Access is from Loomis Road (a small log landing provides parking for a few vehicles), and from Ball Road to a cul-de-sac at the end of Lily Pond lane.
- Vegetation: Hemlock and white pine make up ~90% of the tree cover.
- Water: Lily Pond resembles a ~30 acre flooded bog with large floating mats of leatherleaf and sweet gale ringed by a narrow moat of open water.
- Wildlife: Great blue herons and waterfowl nest here. Moose winter under the dense canopy of hemlocks at the east edge of the pond. Deer, bears, coyotes, fishers, otters, and beavers can be found throughout the year.
- Special Regulations:
