

# MassWildlife Lands User Guide

## Warwick Wildlife Management Area

**Towns:** Orange, Warwick

**Acreage:** 379

**Wildlife Management Zone:** 5

### Description of property:

This property covers the northern aspect slopes of Pitt Hill. The habitat on this property consists of mature upland forest of northern hardwoods (maple, beech, birch) mixed with white pine and hemlock. A small stream bisects the property and eventually flows into Hubbard's Pond.

### Location/Access/Parking

No official parking area exists but the property can be accessed from Beech Hill Road and Brush Valley Road.

### Habitat Management

This property is not currently in active management but is reviewed annually regarding the need for forest cutting plans and other habitat management activities.

### Hunting Opportunities

This WMA provides hunting opportunities for Black Bear, White-tailed Deer, Eastern Coyote, and squirrel.

### Wildlife Viewing and Other Features:

A small woods road cuts through the property and provides a rugged walk to explore parts of the property.

### Special WMA Regulations:

None
