

MassWildlife Lands User Guide

Green River Wildlife Management Area

Town: Williamstown

Acreage: 496

Wildlife Management Zone: 1

Description of property:

This WMA consists of multiple parcels of land along the Green River in Williamstown. The parcels consist predominantly of northern hardwoods with some white pine interspersed. The three southern parcels contain steeply sloped areas. License agreements allow for some small agricultural fields on the properties.

Location/Access/Parking:

Parking access for the southern parcels is located on Route 7, with a parking lot on the southernmost parcel. Parking can also be found on Route 43 for the northern parcels of the WMA.

Habitat Management:

Agricultural use for haying and certain crops is allowed on the three southern parcels of the property in accordance with license agreements.

Hunting Opportunities:

The Green River WMA provides excellent habitat for White-tailed Deer and Black Bear, and Wild Turkey, particularly. The area is also surrounded by agricultural fields, providing wildlife food sources.

Fishing Opportunities:

The Green River runs through all parcels of the property. The two northern parcels along Route 43 provide parking and easy access to the river. The Green River is stocked each year with trout. For more information, visit [Mass.gov/Trout](https://www.mass.gov/trout).

Special WMA Regulations:

None
