Winchendon Springs Wildlife Management Area

Town: Winchendon

Acreage: 675

Wildlife Management Zone: 5

Description of Property:

This property is comprised of hardwood forest with thick patches of hemlock and white pine stands. There are also mountain laurel, cedar swamps, two Level Bog ponds, and surrounding tamarack wetlands with several beaver wetlands on this property. A power line right-of-way is also on this property.

Location/Access/Parking:

Parking for this area is located on Tolman Road and can accommodate 2 vehicles.

Hunting Opportunities:

There are hunting opportunities in the bogs and wetlands for waterfowl; in the hemlocks and wetlands for Snowshoe Hare and Raccoon; in hemlock stands and mixed hardwoods for White-tailed Deer, Wild Turkey, and Bobcat; and in the power line right-of-way for coyote and fox.

Wildlife Viewing and Other Features:

This property has unique plant and wildlife communities associated with bog ponds and edges. This property also has an inland Atlantic white cedar swamp on it.

Special WMA Regulations:

None
