

## MassWildlife Lands User Guide

### Fish Brook Wildlife Management Area

**Towns:** Royalston, Warwick

**Acreage:** 143

**Wildlife Management Zone:** 5

#### Description of property:

This property is comprised of mature hardwood ridges, mature white pine, eastern hemlock stands, and steep rocky ledges. Fish Brook also flows through the interior valley surrounded by steep hillsides.

#### Location/Access/Parking:

There is a parking area located on Bliss Hill Road with parking for approximately three vehicles for access to the WMA.

#### Hunting Opportunities:

Mature mixed forest on this WMA supports White-tailed Deer, Bobcat, Gray Squirrel, Raccoon, and Eastern Coyote providing hunting opportunities for these species.

#### Fishing Opportunities:

Fish Brook is a coldwater resource that flows through the WMA with steep topography on the west side offering fishing opportunities for native Brook Trout.

#### Wildlife Viewing and Other Features:

Steep topography offers scenic views of Fish Brook WMA and the river valley to the east.

#### Special WMA Regulations:

None
