

## MassWildlife Lands User Guide

# Lackey Pond Wildlife Management Area

**Towns:** Sutton, Uxbridge

**Acreage:** 175

**Wildlife Management Zone:** 9

### Description of property:

This property is a large impounded section of the Mumford River surrounded by wetlands, button bush, phragmites, wild rice, and cattails.

### Location/Access/Parking:

Parking for 10 vehicles is located along Lackey Pond Dam Road at the dam with access for car-top boats.

### Habitat Management:

Lackey Pond is managed as a shallow pond and wetland to optimize waterfowl breeding opportunities and migratory waterfowl habitat. Water levels are controlled to provide aquatic vegetation for waterfowl and associated wetlands wildlife.

### Hunting Opportunities:

The WMA is an expansive wetland marsh area providing waterfowl hunting opportunities.

### Fishing Opportunities:

The Mumford River provides fishing opportunities for stocked trout species and warmwater species such as Black Crappie, sunfish, bullheads, Chain Pickerel, Largemouth Bass, Smallmouth Bass, and Yellow Perch. The water can be accessed by car-top boat or by fishing from shore in some locations. Go to [Mass.gov/Trout](https://www.mass.gov/trout) for more information.

### Wildlife Viewing and Other Features:

Viewing opportunities for waterfowl, wading birds, aquatic mammals, and other birds may all be enjoyed given the large wetland area of the WMA.

### Special WMA Regulations:

None
